

Agroforestry

Integrating Trees into Farm Plan

Join us to listen to a talk by Head of Agroforestry at Soil Association, Ben Raskin, & Neil Watkins of 'Eco crops' specialising in willow products & markets

We will discuss the advantages of agroforestry:

- Improved soil health
- Diversified income streams
- Carbon sequestration
- Wildlife and farm resilience

- We will then visit Stonehouse Farm to see how trees can be implemented in the farm plan

Key speaker

Ben Raskin

Agroforester and
author

Tuesday 17th

February 2026

10am – 1pm

**St Mary and All
Saints Church Hall,
Fillongley**
